Penguins in Taiwan! It sounds impossible but not at the Chi Mei Museum in Tainan. The Chi Mei Corporation, one of the world's leading manufacturers of plastic, established the museum to promote culture and art in Taiwan. The natural history section features animals from all over the

world, including specimen from Antarctica. Nancy, a retired teacher who

attends one of our Bible studies, invited Maggie and us to visit the museum with her. Nancy has been very skeptical of Biblical truth, but she attends class every week and invites her friends to join us. Her invitation shows a marked change in her attitude. Please pray for her salvation.

The orchestra of the Kaohsiung Bible Holiness Church presented a beautiful program of music at the veterans' hospital and at the stadium. They also performed for two Christmas programs at the church.

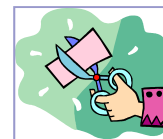

“Happy birthday, Darlene!” The ladies at the Bible study surprised Darlene with a beautifully decorated cake when we returned to Taiwan.

When Darlene’s mom broke her hip in October, we returned to Idaho to handle our personal affairs. Thank the Lord for Sis. Edwards’ quick recovery. However, due to Alzheimer’s disease, Bro. and Sis. Edwards could not live alone in our home any longer. God provided a care home which they really like. Thank you for your prayers for us during those stressful seven weeks as we packed, stored, and donated our belongings. Thank the Lord our home has been sold also.

A group from the church traveled to Cijin Island and sang carols to Sandy, our friend who had a brain tumor. She was in good spirits even though her right side is still paralyzed. Please continue to pray for her.

We’d love to hear from you! Just cut and paste the address on your letter.
